March 12

Topic: North Sea Saga - June 24 - July 4th, 2023

Presentation: The North Sea Saga was the name of the expedition that my sister and I joined June 24^h 2023 with Adventure Canada. This is not an advertisement but a personal journey.

The Ocean Endeavour was our home for the next 11 days. 20 hours of daylight made it surreal.

I will be showing you landscapes, the sea, birds, historical places of Scotland and a little-known island in the North Sea called the Fair Isle. But the Faroes is what I will be introducing you to the most.

With pictures and videos, I hope that you will come to appreciate how hardy and tough living can be in such amazing landscapes.

Putting this together was a joy. I wanted to share this part of the world with everyone: anyone who enjoys the outdoors, the sea, birds, hiking, history and little-known areas of the world.

I hope you come to see this voyage from Aberdeen to the little Fair Isle, Kirkwall, the Orkneys and the amazing Faroe Islands.
