

## Upcoming CONC presentations

Some of the following information is subject to confirmation. Please check back closer to the time of the presentation for more details.

### April 8, 2025

**Topic:** 32 years of the Okanagan Mountain Park Bird and Critter Count: Before and After the Firestorm

**Presenter:** Les Gyug

**About:** Les is a biologist living and working in the Okanagan for the past 38 years. His work has included environmental consulting and monitoring, habitat modelling, and designing and conducting wildlife research and inventories for all manner of wildlife from mice to moose and birds to bears. He has conducted bird surveys of many sorts for over 44 years, but lately has specialized in working with species-at-risk, particularly sapsuckers and woodpeckers. He has been an active member of the Central Okanagan Naturalists Club for over 30 years.

### May 13, 2025
